RE: JANUARY UPDATE

Dear parents / carers,

Tree Planting

On **Monday 9th February**, we will be welcoming members of the *Keep Wales Tidy* team into school to work with all pupils, as we begin planting our new orchard. Every class will take part in an outdoor session during the day.

Please ensure your child comes to school with **appropriate clothing for the weather**, including **wellies or sturdy outdoor footwear**, as the ground may be muddy. A waterproof coat and warm layers would also be advisable.

We are very excited about this project and look forward to creating a space that will benefit the school community for years to come.

My thanks to Mrs Jones and Mrs Cook, our Eco-committee leaders for their work on this project.

Emergency Procedures

In line with [Welsh Government requirements](#), we have recently installed a second 'alarm' system for use in the event of needing everyone to stay inside the school ("lockdown") as part of our emergency planning procedures. We are introducing this to the pupils today so just letting you all know in case children home with a new story to tell! We are only trialling a 'partial lockdown' with the pupils, which is mostly a matter of closing windows and external doors, taking the register etc, so pupils will all be reassured, as with fire evacuation drills, that this is just a practice run.

Kind Regards

Kevin Stroud
Headteacher
